

# Online Tutoring

# Where it Started...

- In-person tutorial services are heavily booked
- Have expanded in-person tutoring opportunities but still almost completely booked
- A way to expand beyond the normal work day PLUS provide help to students when they are doing homework
- Supports strategic direction – anywhere, anytime learning
- Pilot – Winter 2012

# What we do...

- Online 'live' tutoring
- Mon – Thurs 6-9 pm, Sundays noon-4 pm
- Students are e-mailed an appointment time and a small file to download
- Smartboard and LYNC software are used
- Free headsets/microphone or students use laptop/earbuds
- Math, Biology, Chemistry, Physics, Statistics
- Can be recorded and watched over and over...

# What's next...

- Online tutoring to support English courses.
- Expand with a second SMARTBOARD so there are more appointments available each evening.
- Expand hours in the evening/ Saturday
